

Msc.1/Circ.1277: Interim recommendation on conditions for authorization of service providers for lifeboats, launching appliances and on-load release gear.

With reference to above mentioned Circular MSC 1277 FMA wishes to inform that the Administration will only Audit and approve service providers located in the Faroe Islands, to carry out work for, lifeboats, launching appliances and on-load release gear, as per circular MSC.1 Circ 1206 Rev. 1.

However the Faroese Administration also accept service providers situated in other countries, if they are audited according to MSC.1/Circ.1277 and recognized by other SOLAS Contracting Governments, or approved/accepted by class, to carry out work stated in MSC.1 Circ 1206 Rev. 1.

Service reports must be sent to fma@fma.fo along with company and service engineer approval document for each job.
